

D0468 - Healy Public Schools

High School Wellness Policies

D0468 - Healy Public Schools is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating, nutrition education, physical activity and integrated school based wellness. Therefore, it is the policy of D0468 - Healy Public Schools that:

Policies in Place

Nutrition

General Guidelines

All school food service personnel receive required food safety training at a minimum of every 5 years. Continuing education training for all food service personnel meets federal and state requirements.

The dining area has seating to accommodate all students during each serving period.

The food service area is clean, orderly, and has an inviting atmosphere that encourages meal consumption.

High School: Closed campus. Students must remain at school during lunch periods.

The dining area has adequate adult supervision.

The dining area had adults model healthy eating in the dining areas and encourage students to taste new and/or unfamiliar foods.

Content of reimbursable lunch and breakfast is identified near or at the beginning of the serving line(s).

Kansas food products that are served as part of the school meals program are identified at the beginning or on the serving line.

A Kansas product is served in the school meals program at least one time per week.

Breakfast

All school breakfasts comply with USDA regulations and state policies.

At least three different fruits are offered each week on three different days. At least one fruit per week is served fresh.

Students have the opportunity to eat breakfast.

Lunch

All school lunches comply with USDA regulations and state policies.

At least three different fruits are offered each week. Two fruits per week are served fresh.

One additional 1/2 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

At least five different fruits are offered each week. Four fruits per week are served fresh.

An additional 1 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

Students have at least 15 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

Students have at least 20 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

All Food Sold in Schools

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards from the midnight before to 30 minutes after the end of the official school day.

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards from the midnight before to 5 pm.

All foods and beverages sold in schools are in compliance with USDA's Smart Snacks in School "All Foods Sold in Schools" Standards 24 hours a day.

No energy drinks are sold on school property from midnight before to 30 minutes after the end of the official school day.

No energy drinks are sold on school property from midnight before to 5 pm after the end of the official school day.

USDA's Smart Snacks in School Beverage Standards for middle schools apply to high school (only 100% juice, water, milk).

Fundraising within the school day meets USDA's Smart Snacks in School "All Foods Sold in Schools" Standards (sans the exempted fundraisers).

Fundraising within the school day and until 5 PM meets USDA's Smart Snacks in School "All Foods Sold in Schools" Standards (sans the exempted fundraisers).

Fundraising activities involving the sale of food or beverages that meet USDA's Smart Snacks in School "All Foods Sold in Schools" Standards and/or exempted fundraisers will not take place until after the end of the last lunch period.

During the School Day

Students have access to free drinking water throughout the school day, including during meal service. Hygiene standards for all methods delivering drinking water will be maintained.

Nutrition Education

Nutrition Promotion

District promotes participation in the National School Lunch Program (NSLP) and School Breakfast Program (SBP) if applicable and to choose nutritious foods and beverages throughout the day. Menus are posted on school website and/or distributed to families via another method.

Physical Activity

General Guidelines

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity at least 2 times per week during the entire school year.

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity 3 or more times per week during the entire school year.

All students in grades K - 12, including those with disabilities, special health care needs and in alternative education settings, have the opportunity to participate in moderate to vigorous physical activity every day during the entire school year.

District prohibits the use of physical activity as a punishment. District prohibit withholding physical activity, including recess and physical education, as punishment.

Throughout the Day

Structured physical activities are planned by a licensed physical education teacher and integrated into health education and one or more core subjects, such as math, science, language arts, and social sciences, as well as in non-core and elective subjects.

Physical Education

Physical education is taught by teachers licensed by the Kansas State Department of Education.

Physical education teachers are licensed and participate in physical education and/or physical activity specific professional development every 2 years.

Physical education teachers are licensed and have advanced certification and/or education.

High school students are provided structured physical education in at least 1 course required for graduation.

Additional opportunities for physical education as an elective are offered.

Before & After School

Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered.

Integrated School Based Wellness

General Guidelines

The school wellness committee makes appropriate updates or modification to wellness policy based on assessment and an update on the progress toward meeting the State Model Wellness Policy is made available to the public, including parents, students and the community.

Each semester, culturally relevant health education information is provided to families via handouts, postings on the school website, newsletters, presentations and workshops.

The local school wellness policy committee meets at least twice per year.

D0468 - Healy Public Schools

High School Wellness Policies

The following Wellness Policies are in the process of being developed:

Developing Policies

Nutrition

General Guidelines

The dining area has food service personnel and supervisory staff use positive communication cues with students to promote consumption of foods served as part of Child Nutrition Programs.

One "Smarter Lunchroom" or a Behavioral Economics technique is used on the serving line to encourage healthy choices by students.

Breakfast

District offers at least 15 minutes "seat time" to eat breakfast (not including time spent walking to and from class or waiting in line) or Grab n Go breakfast options are available.

All Food Sold in Schools

Fundraising activities support nutrition support nutrition, nutrition education and physical activity messaging.

Other Child Nutrition Programs

Meals and snacks served under the USDA At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program and/or Summer Food Service Program comply with all federal regulations and state policies.

Participate in one of four programs. (At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program or Summer Food Service Program)

Participate in two of the four programs. (At-Risk Afterschool Meals, Afterschool Care Snack Program, Fresh Fruit & Vegetable Program, or Summer Food Service Program)

During the School Day

Students are allowed to have clear/translucent individual water bottles in the classroom where appropriate.

Students have clear/translucent individual water bottles in the classroom where appropriate.

District develops nutritional standards for non-sold food and beverages made available on school campus during the school day.

District adopts Smart Snacks in School "All Foods Sold in Schools" Standards for non-sold food and beverages made available on school campus during the school day.

Nutrition Education

Nutrition Promotion

Students provide input on foods offered in the cafeteria.

Students learn about the nutrition requirements for school meals and some students are involved in helping plan menus.

Nutrition Education

All students in grades K-12, including those with disabilities, special health care needs and in alternative education settings, will have the opportunity to participate in culturally relevant participatory activities, as appropriate, and a variety of learning experiences that support development of healthful eating habits that are based on the most recent Dietary Guidelines for Americans and evidence-based information.

District administrators inform teachers and other school personnel about opportunities to participate in professional development on nutrition and teaching nutrition.

Include nutrition education as part of physical education/health education classes and/or stand-alone courses for all grade levels, including curricula that promote skill development.

Active learning experiences are provided such as involving students in food preparation or other hands-on activities at least once a semester.

District uses qualified personnel or organizations from the community to provide nutrition education to students under the direct supervision of a teacher at least once/year.

Integrate age-appropriate nutrition education into other core subjects such as math, science, language arts, and social sciences, as well as into at least one non-core/elective subject.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas that are rotated, updated or changed quarterly.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas, classrooms, hallways, gymnasium, and/or bulletin boards that are rotated, updated or changed quarterly.

Offer information to families at least once per semester that encourages them to teach their children about health and nutrition, and assists them in planning nutritious meals for their families.

Physical Activity

General Guidelines

District encourages extra physical activity time as an option for classroom rewards.

District uses extra physical activity time as a classroom reward.

Throughout the Day

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are encouraged for all students.

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are offered to all students at least 1 time daily. School staff are encouraged to participate.

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are offered to all students at least 2 times daily. School staff are encouraged to participate.

Professional development on integrating physical activity into core/non-core subjects is provided to licensed physical education teachers, school nurses, and building administrators.

Professional development on integrating physical activity into core/non-core subjects is provided to most staff.

Professional development on integrating physical activity into core/non-core subjects is provided to all staff.

Structured physical activities are planned by a licensed physical education teacher and integrated into two or more core curriculum subjects, such as math, science, language arts, and social sciences, as well as in non-core and elective subjects.

Structured physical activities are planned by a licensed physical education teacher and integrated into all core curriculum subjects, such as math, science, language arts, and social sciences, as well as in non-core and elective subjects.

Physical Education

The physical education curriculum is sequential and consistent with Kansas State Board of Education approved physical education teaching standards for pre-kindergarten through grade 12.

Physical Education teaches basic motor skills, enhances knowledge of concepts related to movement needed to achieve and maintain health for lifetime physical activity.

High school students are provided structured physical education in at least 2 courses required for graduation.

Physical education curriculum encourages a multi-dimensional fitness assessment.

Physical education curriculum includes fitness assessment of at least 50% of all students enrolled in physical education and student fitness reports are available to parents.

Physical education curriculum includes fitness assessment of at least 90% of all students enrolled in physical education and student fitness reports are available to parents.

Family & Community

Community members are provided access to the district's outdoor physical activity facilities.

Community members are provided access to the district's indoor and outdoor physical activity facilities at specified hours.

Community members are encouraged to access the district's indoor and outdoor physical activity facilities at specified hours.

Offer information via multiple channels at least once per semester to all families that encourages them to teach their children about physical activity, and assists them in planning physical activity for their families.

Integrated School Based Wellness

General Guidelines

The wellness policy assessment and progress toward meeting the State Model Wellness Policy are presented to school and district staff.

The wellness policy assessment and progress toward meeting the State Model Wellness Policy are presented to and approved by the local school board.

Annual staff wellness activities and/or professional development opportunities related to nutrition, physical activity and abstaining from tobacco are provided to encourage school staff to serve as healthy role models. Staff wellness activities and training may also include additional components of the Whole School, Whole Community, Whole Child Model.

School staff are aware of Team Nutrition and the HealthierUS School Challenge Award opportunity.

Complete the CDC School Health Index biannually.

Results of the CDC School Health Index are shared with the district administration and local school board.

Results of the School Health Index are shared with the public.

Annually, offer district-sponsored wellness family activities that address one or more components of the Whole School, Whole Community, Whole Child Model.

Annually partner with local health agencies and community organizations.

District Wellness Committee will discuss the development of a farm to school program.

Facilitate the integration of a farm to school program and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 50% of the schools.

Facilitate the integration of a farm to school program and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 100% of the schools.

Farm to school activities conducted annually in some schools.

Quarterly, culturally relevant health education information is provided to families via handouts, postings on the school website, newsletters, presentations and workshops.

The following students, parents, classroom teachers, food service professionals, physical education teachers, health professionals, administrators, school board members and other interested community members are engaged in developing, implementing, monitoring, reviewing and making the district wide wellness policies available to the public:

Cheryl Cool, Chairperson

Laura Goldin
